PROFILE

Motivated and detail-oriented IT student specializing in full-stack web development, UI/UX design, and database management. Skilled in building responsive, user-friendly applications using modern frameworks and tools. Strong communication, problem-solving, and teamwork abilities, with hands-on experience in Laravel, Core PHP, Bootstrap, and MySQL. Passionate about creating efficient digital solutions and continuously improving technical and leadership skills.

EXPERIENCE

Web Developer (Academic & Freelance Projects)

2022 – Present

- Developed a Vehicle Rental System (Core PHP) with booking, invoice generation, and admin management.
- Built a Dynamic Portfolio Website (Core PHP) showcasing personal projects and achievements.
- Created a Full E-commerce Platform (Laravel) with product management, cart system, and secure checkout.
- Designed and developed a Non-Profit Organization Web App (Laravel) with member management, event updates, and content administration.
- Integrated MySQL databases, optimized queries, and ensured secure data handling.
- Collaborated with clients and peers to gather requirements and deliver functional, user-focused solutions.
- Used Git and GitHub for version control, managing project repositories, tracking changes, and collaborating efficiently.
